Mining for Gold with New Construction

As inventory of existing homes stays low, new home sales are increasing. During this speed networking happy hour, you'll connect with local builders and discover a few nuggets to help you add gold to your pocket! You will be guided through the process of selling new construction that will include financing, sourcing lots, time lines and the agent's role that ultimately leads to the gold. Don't miss out!

Wednesday, September 27, 2017
